My dear Mr. Nelson:

I have your letter of March first commending my action in advising the Federal government that Arizona does not want enemy aliens of any kind, and particularly Japanese, either alien or citizen, evacuated into Arizona. I am glad you approve my stand and I am glad to say that I feel that practically all American citizens approve it.

From all the information I have received from the Federal government army headquarters, I am sure that no aliens will be dumped upon us and further that the Japanese now residing in Arizona will be required to move further east.

I am always glad to hear from you and always glad to have your comments and suggestions.

With all good wishes, I am

Sincerely,
